FN

SUMMARY

Detail-oriented and proactive MERN Stack Developer with 3 Months of hands-on experience in building dynamic and scalable web applications. Proficient in both front-end and back-end development with a strong foundation in **HTML5, CSS3, JavaScript, React.js, Tailwindcss, Node.js, Express.js, MongoDB, and RESTful APIs**. Experienced in integrating secure payment solutions (e.g., Stripe), implementing robust authentication (JWT), and ensuring responsive design. Passionate about crafting seamless user experiences and optimizing performance across web applications.

EXPERIENCE

Graphic Designer

Freelancer

01/2023 Remote

Company Description

- Specialized in creating engaging and innovative logos, posters, and other branding materials.
- Proficient in Adobe Creative Suite (Photoshop, Illustrator, InDesign) to craft visually appealing designs.
- Developed marketing materials for clients, both digital and print, to enhance brand identity and communication.
- Collaborated with clients to bring their vision to life, ensuring designs are aligned with their marketing objectives.

Full Stack Developer Internship

HiSkyTech

08/2024 - 09/2024 Pun

Software And It Company

- Contributed to 3 key projects focusing on real-world payment system and authentication.
- Developed secure and efficient payment processing solutions, integrated **Stripe** for smooth transactions.
- Implemented **JWT** authentication for safe user access and role management.
- Designed and built **responsive web applications**, ensuring cross-device compatibility and exceptional UX.
- Gained hands-on experience in both **front-end and back-end** technologies (MERN stack).

PROJECTS

E-COMMERCE WEBSITE

2024

I developed a fully functional e-commerce website using the MERN stack, featuring a responsive React front-end and server-side logic with Node.js and Express.js, while leveraging MongoDB for data storage.

Task Management Website

2024

I built a Task Manager application using the MERN stack, with JWT authentication, enabling users to efficiently create, view, update, and delete tasks. The front-end was developed with React for a user-friendly interface, while Node.js, Express.js, and MongoDB managed the back-end logic and data storage.

Doctor Booking Appotement

2023

Developed a doctor booking application using the MERN stack (MongoDB, Express, React, Node.js). Implemented JWT authentication for secure login and user management. Utilized real-time scheduling with Socket.io for appointment booking, payment handling, and secure authentication.

STRENGTHS

- ✓ Attention to Detail.
- 🕒 Time Management
- ➕ Problem- Solving

EDUCATION

Bachelor's in Software Engineering

Virtual University of Pakistan

10/2020 - 08/2024

Higher Secondary School

Pakistan School and College, Salmiya

Kuwait 2019 - 2020

Secondary School

Pakistan School and College,

Salmiya Kuwait 2018 - 201

SKILLS

- Frontend:** HTML5, CSS3, Bootstrap, Tailwind CSS, JavaScript (ES6), React.js, jQuery, JSON Web Tokens (JWT), NPM, React Native ,
- Backend:** Node.js, Express.js, MongoDB, RESTful APIs, ASPNET CORE
- Cloud & DevOps:** AWS, Google Cloud, Firebase
- Testing & Tools:** Jest, Visual Studio Code, Git, GitHub, SQL Server, NetBeans, Microsoft Office, Figma, Azure
- Design Tools:** Adobe Photoshop, Illustrator, InDesign
- Additional Skills:** Data Entry, C++, Object-Oriented Programming (OOP), Photo/Video

CERTIFICATE

Awarded with a certificate of **Ms word** by Eduonix learning .

❖ Awarded with a certificate of **Grahpic designing** by DigiSkills.

❖ Awarded with a certificate of Full stack developer by HiSkyTech company.

❖ Awarded with a certificate of **CSS** By Linkedin learning .

❖ Awarded with a certificate of **HTML3** By Sololearn .

❖ Awarded with a certificate of **C++** by udemy.

❖ Awarded with a certificate of **Basic automation testing** by Great learning
